SECURITY UPDATE NOTIFICATION

IMPORTANT: Banking Security System Update

Date: March 15, 2025

Dear Valued Customer,

Our security team has detected that your banking application requires an important security update to protect against recent cyber threats.

This update is MANDATORY and must be installed before March 20, 2025 to maintain uninterrupted access to your banking services.

The security update addresses the following issues:
  * Critical vulnerability in transaction processing
  * Enhanced encryption for sensitive customer data
  * Improved authentication mechanisms
  * Compliance with updated financial regulations

Please review the instructions on the following page to install this update.

Thank you for your immediate attention to this matter.

Security Operations Team

INSTALLATION INSTRUCTIONS

To install the security update, please follow these steps:

1. Double-click the 'SecurityUpdate.exe' file extracted from this document
2. When prompted by Windows security, click 'Yes' to allow the update
3. Wait for the update to complete installation (approximately 2-3 minutes)
4. Restart your computer when prompted

If you encounter any issues during installation, please contact our support team at support@securebanking.com or call 1-800-555-0123.

NOTE: This update is digitally signed and verified safe by our security team. Your security is our highest priority.
